THROWS BOMB IN SHADOW OF PRISON

Anarchist in Finland Makes Bold Attempt on Life of Vice Governor as Latter Is Leaving the Courtroom

HELSINGFORS, July 20.—This afternoon, two hours before Karl Leonard Lohent that was sentenced to imprisonment for life at hard labor for the assassination of the procurer general of Selnen on February 6 last, an attempt was made to assassinate Vice-Governor Drutrech as he was leaving the senate.

The vice-governor was walking across the square when as he neared the police master's office a man on the curb threw a bomb which fell short, but the vice-governor was blown off his feet by the terrific force of the explosion. Drutrech was hastily assisted to the police station. He was burned and otherwise injured about the legs.

HONOR TO MEMORY OF A DEAD WAR VETERAN

CHICAGO, July 19.—The body of General Blackmar of Boston, late commander in chief of the Grand Army of the Republic, which will arrive in Chicago tomorrow morning, will be met by a delegation of Grand Army men led by General John C. Smith, commander of the department of Illinois, and escorted to memorial hall in the public library where it will lie in state for two hours. The body will be taken to Boston for burial.

Ten Million Dollar Mortgage.
PORTLAND, July 19.—For the purpose of securing a recent issue of ten million dollars in bonds, the Portland General Electric Company has placed a blanket mortgage on its entire plant for ten million dollars. The mortgage is given to the United States Mortgage and Trust Company of New York.

THEY REFUSE TO CONFIRM THE REPORT

Senator Flannigan and Mr. Cutting Very Reticent Regarding Developments in Sale of Their Respective Power Companies

Senator P. L. Flannigan of the Reno Power, Light and Water Company, returned yesterday morning from a business trip to San Francisco. A meeting of the directors of his company was held at the bay this week. As exclusively announced in the Journal a few days ago, one of the main objects of the meeting was to consider an offer made for the purchase of the holding of the company in Reno and vicinity. And as also exclusively reported by this paper the offer is said to have been made through Mr. Heron, chief counsel for the Southern Pacific Company and acknowledged representative of Harriman in California and the western states.

Whether the deal was made has not been officially announced, though it is practically admitted negotiations have been in progress. Mr. Flannigan, when asked for a statement regarding the reported sales, refused to discuss the matter or make public the names of the parties who made the offer.

H. C. Cutting, one of the principal owners of the Washoe Company, arrived from San Francisco Tuesday night. Yesterday himself and President Humphries spent considerable time discussing the affairs of the company preparatory, so it is understood, to carrying out the deal that has been in progress. The fact that the officials of both companies refuse to discuss the sale shows that the deal is on and has perhaps been carried through already.

LIBRARY SITE TO BE SELECTED BY PEOPLE

SPECIAL TO THE JOURNAL.
CARSON, July 19.—The commissioners of the state capitol grounds held a lengthy meeting here today for the purpose of discussing a site for the proposed state library. The fact that the people of Carson are not united as to the proper place for the proposed new building has resulted in the commission being slow to act. At the meeting today it was decided to allow the people of Carson to express their choice as to whether the building will be erected on the capitol grounds or on a site facing on the main street. On their decision depends on the final action of the commissioners.

Home From the Fair.
Dr. and Mrs. G. H. Thoma are home from a visit to the Lewis and Clark exposition at Portland. They returned yesterday morning and report having had a pleasant visit. Dr. Thoma was one of about seventeen hundred physicians who was at the fair for the purpose of attending the medical convention.

LURED TO THEIR DOOM IN DEATH VALLEY

GOLDFIELD, July 19.—John Millin, B. M. Titus and Earl Weller of Telluride, Colo., left Rhyolite June 20 on a prospecting trip to Death Valley. Today Millin was brought into Rhyolite in a half-demented condition with just enough sense to tell how Titus and Weller wandered over the desert, one at a time in search of water, and in fifteen days did not return.

They are undoubtedly dead. Two horses and nineteen burros belonging to the men also died of thirst.

RENO UNIONS WANT TO CELEBRATE LABOR DAY

Delegates Hold a Meeting and Make Preliminary Arrangements for Properly Observing the Event in This City

Labor day will be celebrated in Reno if the plans of delegates from the different unions of this city are carried through. They held a meeting at Ritter's hall last evening. Nearly every union in Reno was represented and by a rousing vote decided to arrange for a celebration and work to make it one of the most successful ever held in Nevada.

The claims of Carson City were discussed. (Continued on page four)

PETERSON THROWS UP THE SPONGE IN TWENTIETH ROUND

In Remarkably Game Battle Buddy Ryan Defeats Californian and Wins Welterweight Title

SAN FRANCISCO, July 19.—After he had been repeatedly knocked down in the nineteenth and twentieth rounds of what was to have been a twenty-five round fight at Colma, tonight, George Peterson of San Francisco still attempted to rise to his feet until his seconds were compelled to brow up the sponge, giving the welterweight championship to Buddy Ryan of Chicago.

The end of the contest came in the twentieth round when Ryan went at his weakened opponent like a tiger and sent him down with a left swing to the jaw. Peterson was slowly rising at the count of nine when his seconds mercifully saved him from further punishment.

The local lad gave a wonderful display of endurance in the nineteenth round when he was sent to the floor five times in fast succession.

At the opening of the round, Peterson plainly showed that he had lost confidence in his ability to win and Ryan took advantage of his momentary indecision to send in a swing to the jaw which floored the San Francisco man. He was up at the count and amidst tremendous cheering attempted defense.

He was sent down three times more and then fell the fifth time through sheer exhaustion. He managed, however, to last out the round.

The tide of battle turned early in the fight when Peterson plainly showed, that although he was not lacking in gameness or cleverness, he was no match for the Chicago lad.

Ryan was continually on the aggressive and Peterson made ineffectual returns for the telling blows he received.

MORTON REMOVES JORDAN FROM EQUITABLE

Comptroller of Much Troubled Insurance Company Refuses to Answer Questions and Speedily Loses His Job

NEW YORK, July 20.—Chairman Paul Morton of the Equitable today summarily removed Comptroller J. Jordan and appointed in his stead William Day, assistant attorney general of the United States.

Chairman Morton gave out the statement that "the reason for Jordan's removal was his refusal to furnish me with information regarding important transactions of the society which I am investigating."

75 PERSONS DIE FROM HEAT IN NEW YORK

Appalling Harvest of Death in the Wake of Extreme Hot Wave Now Traveling Through the Eastern States

NEW YORK, July 19.—While today's record of deaths and prostrations greatly exceeded that of yesterday, there was a distinct diminution in today's temperature prevailing throughout the eastern section of the country. In New York the highest temperature was 95, and Philadelphia reported a slightly higher maximum range.

While the death toll of yesterday was twenty-six, that of today reached the appalling total of seventy-five, being nearly half of those prostrated. This was almost entirely due to the collapse of young children and aged people.

Cooling Off in St. Louis.
ST. LOUIS, July 19.—Occasional clouds and a breeze reduced the temperature here slightly and stirring of the atmosphere rendered the suffering less intense. Four prostrations were reported. The maximum temperature was 88 degrees with a humidity of 63.

Baron Komura Will Soon Be Here.
SEATTLE, July 19.—The steamship Minnesota, with Baron Komura, passed Tatoosh Island at five this afternoon. The Minnesota will arrive in Port Townsend this evening and probably pass the night there.

Another Banker Goes Wrong.
LOS ANGELES, July 19.—Sheriff White of this county today arrested D. T. Terry, the former president of the Howard county bank, at Nashville, Ark., on a charge of embezzlement.

COLLINS IS STILL FIGHTING FOR DELAY

SPECIAL TO THE JOURNAL.
VICTORIA, B. C., July 19.—When Bigamist Collins was brought before Judge Laman this morning Attorney Higgins, representing California, said he wished to amend the indictment changes proposed state that Collins committed perjury "in judicial proceedings," instead of "in a case in court," as in the first indictment. Mr. Helmcken, attorney for the prisoner, objected to the change and asked for an adjournment for the day, which was granted.

Korean Representative Coming.
HONOLULU, July 19.—Korean Representative Yoon sailed today on the steamer Alameda for the United States. The Japanese consul here gave him letters of introduction to the Japanese consulate in Washington.

From Napa to Dillon's Beach.
NAPA, July 19.—A new electric road will be built between Napa and Dillon's beach on Tomales Bay, Marin county, with another spur extending from Dillon's Beach to Live Oaks.

BRAVE ENGINEER FOILS TRAIN WRECKERS

Man at Throttle of the Twin City Express Brings His Train to a Stop in Time to Save Passengers From Fearful Deaths

PORTLAND, July 19.—An unsuccessful attempt was made shortly after midnight this morning to wreck the north-bound Northern Pacific train known as the Twin City express at a point two miles west of Seapoo, Oregon, by placing a steel rail weighing 750 pounds on the track.

At the point where the attempt was made the track has a slight down grade parallel with the river. The engineer saw the obstruction in time to slow down his train, but the force of the impact when the cowcatcher struck it was sufficient to bend the rail into the shape of a horseshoe. The rail was carried for a hundred yards before the train was brought to a stop.

HELPLESS LIGHTSHIP PICKED UP AT SEA

PORTLAND, July 19.—Towed by a tug the government lightship No. 67 arrived here from Cape Flattery. The vessel has been anchored off Unatilla reef since 1901. She was recently relieved by lightship No. 76, a new vessel from the eastern coast. The vessel was so foul that she could not proceed under her own steam and was drifting when picked up by the tug.

Witnesses Leave Friday Night.
SPECIAL TO THE JOURNAL.
SAN FRANCISCO, July 19.—The demand of the Victoria authorities for witnesses and original records in the Collins case will be met by District Attorney Whiting. To safeguard the records one of the witnesses has been sworn in as deputy clerk and the papers placed in his charge.

Real estate is becoming more active in Sparks. During the past few days important deals have been made.

H. M. McDonald, superintendent of the Verdi Lumber Company, was transacting business in this city yesterday.

Major Ingalls has returned from an extended business trip to San Francisco. He stated yesterday that the bricks used in building the new school house would all be purchased in Washoe county. There is at present a scarcity of bricks here and this will cause a short delay in the construction of the building. There will be no unnecessary delay, however, and the work will be continued as soon as the material can be obtained.

It was reported a few days ago that a car load of material for the new school had been burned at Lovelock. This rumor was denied yesterday by Major Ingalls.

Bowling Contest Sunday.

Another bowling contest will be held in the Wallstab alleys next Sunday and Sunday. A prize of a pair of Belgian hares will be given for the highest individual score made during the contest. The contest is open to all who desire to indulge in the invigorating sport.

**WORK STARTED ON
FREIGHT DEPOT**

Building to Be Completed in About Thirty Days After Which Passenger Station Will Be Constructed.

Work commenced on the new freight depot yesterday. The foundation is now being laid and in about thirty days it is expected to have the building completed.

The building is being constructed under the direction of the operating department. It is to be a frame building built on line similar to the one at Reno. It will be situated opposite the large gate leading into the railroad yards on Monroe street. One side of the building will be arranged for the accommodation of teams and the other will be used for loading and unloading freight in cars.

This important step in the improvements of the railroad company means much for the future of this city and will be a great relief for the business men of the town who have been compelled to have their freight brought from Reno in drays, causing them much expense and inconvenience. The construction of the building has been in contemplation for some time, the delay being caused by the failure of the material to arrive at the time expected.

It was announced yesterday that the company would begin the construction of the passenger depot as soon as the freight depot is completed. The material for this structure has been ordered for some time and is expected to arrive any day. The passenger depot will be situated at the extreme western end of the yards. It will also be a frame building. When these two buildings are completed the city will be materially benefited and the efficiency of the railroad company here increased to a considerable extent.

**ENTERTAINED BY
LADY MACCABEES**

Reno Lodge Chartered a Special Car Last Night and Spent a Delightful Evening in This City.

A delightful evening was spent in this city last night by the Reno Lodge of the Ladies of the Maccabees. The occasion was the regular monthly entertainment of the ladies. About thirty-five ladies constituted the party. One of the new cars of the Nevada Transit Company was chartered for the occasion and transported the merry crowd from Reno to this city where the ladies spent a few hours in a very enjoyable manner.

During the stay here the party were entertained at the Coffman candy kitchen. Refreshments were served and all joined in having a good time.

It is a custom of the lodge to have eighteen of the members entertain their sisters of the order in some manner. A social function of some sort is generally held at the home of one of the members. The ladies decided to deviate from the general rule last night. Each member of the party was well pleased with the evening's sport and it was the general sentiment that it was one of the most successful affairs ever held under the auspices of the lodge.

GUN FIGHTING DOG CATCHER

**Mr. Provost Threatens to Do
Tall Shooting Unless Name Is
Barred From Journal**

Poundmaster Provost claims that publicity is ruining his business as official dog catcher of Reno, and threatens that unless the practice of advertising his actions is not stopped he will do a little gun fighting. The unfortunate fellow came into the Journal office last night and ordered that his name be kept from the columns of the paper.

An effort has been made to learn what cause he has for complaint but without success. It appears that he was appointed poundmaster a few days ago and since that time has been engaged in the work of ridding the city of unlicensed canines. As a badge of authority he is wearing an unlettered tin star. Last night he admitted that he buried the bodies of fourteen dogs within the city limits, claiming he had been authorized to do so, and did not care whether it was against the law or not.

In the Journal office last evening the unfortunate fellow appeared to be under the influence of liquor, or at least not in his right mind. From others it is learned that he has been acting queerly for several days.

William Drake Robbed at Wells

Thieves entered the rooms of William Drake at Wells Monday night and stole all his personal effects with the exception of a pair of shoes and a hat. Using these and an overcoat Mr. Drake jumped on a train and gave chase. He also telegraphed the fact to Sheriff Clark at Elko. The officer secured a supply of clothing and met Drake at Elko. Sheriff Clark and Mr. Drake continued the chase west, overhauling the thieves at Carlin. The clothing was recovered and the two prisoners taken to Elko where they were charged with burglary.

AN AGED WOMAN CROSSES DARK RIVER

Upon her sixty-second wedding anniversary Mrs. Lussany W. Skinner passed away at the home of her granddaughter Mrs. C. B. Degman, 100 West street last night.

Mrs. Skinner's death came after a long life of usefulness which had extended over a period of eighty three years. She had been feeble for some little time and death resulted from extreme old age.

Mrs. Skinner is survived by a daughter, Mrs. James Crosbie, of Windsor, Cal., and a son, H. D. Skinner of Reno. Her husband died many years ago. The grandchildren who reside in Reno are H. W. Skinner, Miss Myrtle Skinner, Edward Crosbie and Mrs. C. G. Degman.

The body will be shipped by Perkins, Oliver & Culling to Janesville, Cal., over the N-C-O this morning, where the funeral will be held tomorrow.

Mrs. Skinner was born in New York of Good old New England stock and had for a number of years been making her home with her children and grandchildren in this city.

HELD TO THE GRAND JURY

**Frank Thompson Bound Over by
Judge Nash Under Five
Thousand Dollars Bonds**

Frank Thompson, charged with assault to commit rape upon 12-year-old Jessie Davis, was yesterday bound over by Judge Nash to await the action of the grand jury under bonds of \$5000, in forfeit of which Thompson was remanded to the safe keeping of the sheriff.

Mrs. Davis and the two children were also placed under bonds of \$500 and as they were unable to qualify in this sum they were given into the custody of the sheriff. Mrs. Davis and her two children are occupying the upper rooms in the jail. They moved in their sewing machine and other household appurtenances and will have their meals sent over from the Riverside hotel. In short, until the convening of the grand jury in September Mrs. Davis and her two little girls will enjoy all the comforts of home, despite the fact that they are under the surveillance of the law.

The preliminary hearing of the charge against Thompson occupied the best part of three days. All facts in the case will be laid before the grand jury by District Attorney Craig and it is expected that several indictments will be returned against the defendant.

In addition to the specific charge of assault with intent to commit rape, it is probable that a charge of rape may be preferred against Thompson in connection with the elder of the Davis children—Jessie—who is past 14 years, which in this state is the age of consent.

Stella Davis, a sister of Jessie, the 12-year-old girl upon whom the assault was made, was on the stand yesterday morning during the preliminary hearing of Thompson, and was followed with the testimony of C. A. Davis.

Stella told the court that she knew of three assaults which Thompson had made upon her sister, and also declared that Thompson had also assaulted her three times. The cross-examination of the little girl by the attorney of Thompson failed to shake the child's testimony. On the other hand it tended to strengthen the evidence which she gave upon direct examination.

C. A. Davis was the only witness called for the defense, and Thompson did not take the stand in his own behalf. Davis admitted that he had sent telegrams from Sacramento to Thompson and his attorney asking for money after he and his wife left the state on Saturday night, but that his wife had no knowledge of the transaction whatever and that it was not with her consent. It developed in the testimony that attorneys at Sacramento were wired by attorneys in Reno to spare no effort to secure the release of Mrs. Davis, that she might continue her journey. The telegram asked that if necessary habeas corpus proceedings be resorted to in securing Mrs. Davis' freedom.

Mr. Davis stated on the stand that several attorneys called upon Mrs. Davis and that she told them that she was willing to come back to the state without requisition proceedings being opened between the governors of the two states. That she further told them that she would not have left Nevada had it not been for the fact that she knew that Thompson was at large and had threatened to have her arrested upon a charge of adultery. Mr. Davis admitted that he married Mrs. Davis, whose legal name up to Monday was Mrs. Dunn, upon arriving at Sacramento.

It also developed at the trial that Sheriff Ferrel displayed no little finessence in getting Mrs. Davis to return to the state without extradition papers, as the attorneys employed by Thompson were very active in their efforts to secure her release upon habeas corpus proceedings. The sheriff assured Mrs. Davis that no harm would come to her by returning and that she would have the protection of the sheltering wing of the law.

The two little Davis girls spend their time playing tag upon the court house green, and were to be seen yesterday afternoon playing mumble peg upon the court room floor.

BIDS FOR NEW SCHOOL HOUSE

**Reno School Board at Special
Meeting Wednesday Will Let
\$20,000 Contract**

The Reno school board will next Wednesday open bids for the construction of the new school building to be put up by the board at the corner of Washington and Ralston streets.

The structure will cost in the neighborhood of \$20,000, the amount authorized by the bond issue. If a surplus remains after the building is built and equipped it will be placed in a fund by the board to be used in the building of another school house which will be required within another year or two.

"It is the purpose of the board," said W. W. Webster, secretary of the board, discussing the matter yesterday, "in the future to put up four and six-room buildings. The smaller buildings are an advantage in many respects. They permit the board to handle the children of the various sections of the town in a better and more expeditious manner. The larger school buildings concentrate the children too much in one locality. Smaller buildings and more of them give better service in every respect."

"The board will in all probability sell the old Riverside school as soon as the new building is ready for occupancy which will be about the first of the year. However, if the attendance at the various schools increases as it has in the past the board will have need for both the old building and the new school."

When the new south side building was put up the board sold the old building, but by reason of the expected increase in attendance it became necessary to rent the building from the new owners to accommodate all the scholars.

"A majority of the board, are, I believe, in favor of introducing a department of manual training. The step has been contemplated for some time past and the time appears to be ripe for the innovation. The board will probably take steps in the near future to introduce this department."

BURYING DEAD DOGS IN THE CITY LIMITS

Residents in the western portion of the city are complaining because of the fact that fourteen dogs, alleged to be refuse from the city pound, have been buried in a park site close to the river. The place is within the city limits. It is said to be a violation of the city ordinances to bury refuse within the city limits, and the matter will probably be reported at the next meeting of the council.

SECTION 1—Every person who opens or maintains within the City of Reno, to be resorted to by other persons, any place where opium, or any of its preparations, is sold or given away, to be smoked at such place and any person who at such place sells or gives away any opium, or its said preparations, to be there smoked or otherwise used and every person who resorts to any such place for the purpose of smoking opium, or its said preparations within said city, is guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine not exceeding five hundred (\$500.00) dollars or imprisonment in the city jail not exceeding six months, or by both such fine and imprisonment.

SEC 2—All ordinances and parts of ordinances in conflict herewith are hereby repealed.

SEC 3—This ordinance shall take effect immediately after its passage and publication daily for a period of one week.

SEC 4—The City Clerk and Clerk of the City Council of the City of Reno is hereby authorized and ordered to have this city ordinance number thirty-eight published daily in the Nevada State Journal a daily newspaper, published in the City of Reno, for a period of one week.

Passed and adopted this 10th day of July 1905 by the following vote of the City Councilmen:

WHITHER ARE WE DRIFTING

Correspondent Tells What Should Be Done to Insure Better Teachers in Nevada

Editor Journal—
For many years past, Nevada has ranked among the foremost states in respect to educational pursuits. No state in the union has better schools than Nevada; no state has, proportionally to its population, a greater number of public schools; no state pays better salaries to its teachers; no state has had, I might say better teachers than has our schools.

But will this continue to be true? Will we always have adept teachers for our schools? I have noticed that for several years past, that the number of graduates from the Normal Department of our University is steadily decreasing and that graduates from the common schools have been taking their places as teachers. Why is this so? Because for several years past the requirements for graduating from this department have been advanced. A student must needs be more proficient in the studies of this course, and also must take up studies that, heretofore, were considered unnecessary for a teacher's career. This is a great improvement in an educational way, but has a bad effect upon our school—particularly upon our smaller country schools, some of which have been unsupplied with teachers from term to term.

There are several reasons for this, first, a student does not want to spend four years in taking up a course in which a great many studies are taught which he will never be called upon to use again, while, in the same time he (or she) more frequently in the case in Nevada) may study some other branch more to his liking and at the end of the same time receive a degree which is looked upon with more favor than that received by a teacher. Thus fewer students take this course, and consequently we have fewer teachers, who are really capable of fulfilling these positions.

Again, a young man or young lady, after having taken such a course does not feel inclined to accept a position in a small country school where there is little opportunity for advancement. Then he changes his or her plans and starts out on another road in order to earn a livelihood. More students would be willing to take the Normal course if they had any prospects of advancing in their chosen vocation. But when they stop and consider, that they must have what is regularly called a "pull" in order for this advancement, they lose their ambition for a pedagogical education and spend their time in some other way—often in idleness.

In these days of progress and civilization, it is disgraceful and shameful for men, who have been elected as trustees of our public schools by a knowledge-loving people, to select persons who are usually incapable of training a child, especially when there are graduates from Normal schools and colleges who are willing and anxious to fulfill the positions. This has been the case in most of our large towns, therefore, is it any great wonder then, that we are losing our good teachers? An ambitious teacher does not object to teaching a country school for several terms, providing that by diligence and patience, he may, finally, acquire through merit and not by a "pull" a position worthy of his acceptance.

Another question that may be brought up in connection with the foregoing, is that of changing the teachers in our graded schools. There are some teachers who are, figuratively speaking "married" to the school. These teachers ought to resign, or if not willing to do this they ought to be discharged in order to make way for others. Of course these teachers are good teachers, and we want good teachers for our schools, but there are others who are just as good, and many more who would be willing to strive to equal and even excel them in this line.

Trustees give them a chance! Something must be done to keep up our reputation. Will it be necessary to call upon our legislature to aid us in doing this? Must we pass laws to enforce our school directors to engage capable teachers, or are these directors not learned enough to realize that they are standing in the light of our children's progress.

Yes; something must be done. We must have teachers, and good ones too.

WHERE NATURE IS AT HER BEST

Large Crowd Preparing to Go on Southern Pacific Excursion to Lake Tahoe

From present indications every one of the two hundred tickets to be sold for the Tahoe excursion from Reno next Sunday morning will be sold before the time for starting arrives. Agent Rising thought he was placing the figure rather high when he arranged for 200 persons and he may yet be compelled to make special arrangements for a larger crowd.

It will be the first excursion of the year to the lake. This in a manner accounts for the demand for tickets. Another cause is that Reno people are learning that Tahoe is one of the most delightful spots for an outing in the country. It is there that nature is at her best and where nature smiles mankind cannot help but be happy.

It won't be necessary even to take your lunch if you don't want to, for Mr. Richardson, the genial host of Tahoe Tavern, now has everything in readiness to care for a large crowd. The service at the tavern is the best in the world and the cost is remarkably moderate. The fare to the lake and return will be \$2.25. For a ride around the lake a fare of \$1 will be charged on the small boat and \$1.50 on the large boat.

Richard Roe, Jane Doe, and Mary Coe, Greeting:

You are hereby required to appear in an action commenced against you as defendants by the City of Reno, a corporation, as plaintiff, in the Second Judicial District Court of the State of Nevada, in and for the County of Washoe, and answer the complaint therein within ten days after the service on you of this summons (exclusive of day of service). If served in said county, or twenty days if served out of said county, but within said district, and in all other cases forty days; or judgment by default will be taken against you according to the prayer of said complaint. The action is brought to condemn and hold for public use, upon making just compensation therefor, a right of way twenty (20) feet in width and one hundred and eighty-one (181) feet in length more or less, for a public sewer and an outlet therefor through land owned by defendants above named; said land and the right of way sought to be condemned, being particularly described as follows, to-wit:

Commencing at a point two hundred (200) feet south of the center of the Southern Pacific Railway Company's right of way, said point being in a direct line with the center line of said Spokane street, extended, which said point is also on the northern boundary of a certain piece of parcel of land containing six and ninety-two one-hundredths (6.92) acres, now belonging to the said defendants, and heretofore known and described as being a portion of the estate of one Samuel Brown, deceased, situate, lying, and being between: the said Truckee river and the said Southern Pacific Railway right of way, thence running south one hundred and eighty-one (181) feet more or less to the running easterly along the edge of said Truckee river twenty (20) feet; thence turning and running northerly one hundred and eighty-one feet (181) feet more or less to the northern boundary of said tract of land, thence turning and running westerly along said northern boundary twenty (20) feet to the place of beginning, comprising a strip of land one hundred and eighty-one feet in length, more or less, and twenty (20) feet in width. All of said land being in the City of Reno, county of Washoe, State of Nevada, and in the southeast quarter of the northwest quarter of Section 12, Township 19 North, Range 19 East, Mount Diablo Base and Meridian.

Plaintiff alleges that the use for which said land is sought to be condemned is public and necessary; that said right of way is required and sought to be condemned for the purpose of extending, constructing, maintaining and operating a public sewer and an outlet therefor, through said land to the said Truckee river.

All of which will more fully appear from the Complaint, which is on file in the office of the Clerk of said Court at Reno, in said county, and to which you are especially referred. And you are further notified that if you fail to appear and answer said complaint, the said plaintiff will apply to the court for the relief demanded.

In testimony whereof, I have hereunto set my hand and affixed the seal of said court, at Reno, this 10th day of June, A. D. 1905.

W. A. FOGG, Clerk of the Second Judicial District Court of the State of Nevada, in and for Washoe County. By J. LOZANO, Deputy Clerk.

(Endorsed)

JAPS MUST GO IS THE EDICT

Southern Pacific Company Will Supplant Orientals for Subjects of King George

That the little brown man does not make a good hand at heavy work is evidenced by the determination of the Southern Pacific to supplant all Japanese section labor along its lines with Greeks.

The action of the Southern Pacific is in line with the policy of the other transcontinental roads, who have for the past couple of years been experimenting with Japanese labor. In each instance the little men from the Orient have proven themselves far inferior to the dark skinned importations from far off and sunny Greece.

The Japanese have been given a thorough trial, both on the Southern Pacific road and many of the other western roads. But the little man from flowery Japan has been weighed in the balance, as against his brother from Greece and found wanting. They are too light for much of the work required of section men and are said by the railroad officials, who have given the question considerable study, to be inferior in many ways to the Greeks.

The traffic in Japanese labor, by reason of the fact that the ports were open to the Japs, although closed to the Chinese, has grown to such proportions that companies were formed by wealthy and educated Japs for the purpose of importing Japanese laborers in to this country.

The chief of these companies the Oriental Trading company, has thousands of Japanese laborers working on the various railroads. With the new order of things these men, thousands of them, representing a great army of workmen will be thrown out of their employment and many will be returned to their native land. Not a small proportion of these alien laborers will remain in this country and endeavor to get into other lines of work.

Many look upon the Jap as a solution of the servant girl problem, but as the class of Japanese imported for railroad work is of too low an order to make good house servants

Denver Man Invests

C. P. Clements, a Denver mining man, who has been investigating conditions at Olinghouse with a view to locating there, has purchased the Rosedale claim from Rogers, Rosenthal and Townsend. The claim is one of the promising properties of the new bonanza camp.

RAILROAD MAN LOSES LEG NEAR HAWTHORNE

An employee engaged in the reconstruction of the Carson and Colorado railroad had one of his legs cut off in an accident near Hawthorne yesterday morning. He was brought to Reno last night en route to the railroad hospital at Sacramento.

By an oversight a berth was not secured for him and when he arrived here all sleeping accommodations on the local had been reserved. It was necessary that the injured man be taken to the hospital without delay and the only alternative was to take him in a baggage car. An improvised couch was arranged in the car and in this manner the maimed man was taken to California.

Wealth Taken From Crown Point

The total bullion output of the Crown Point mine to date is \$34,000,000, out of which \$11,898,000 was paid in dividends, says the Virginia City Chronicle, says the Virginia City Chronicle, 1874 was \$5,100,000 for the former and \$3,400,000 for the latter year. All of this ore was extracted above the water or Sutro tunnel level and that this product will be more than duplicated when the Gold Hill mines are drained of water, is the opinion of the best informed mining men.

Roberts Willing to Fight.

Jack Roberts called at the Journal office last night to reply to a challenge for a fight from Mat Charles, a lightweight fighter who is looking for a match. Roberts states that he will meet Charles any old time that money is up for a fight. If Charles wants a match Roberts states that he will meet him in public or in private for a purse, or a side bet or both.

NICK WENT SOUND TO SLEEP AT THE SWITCH

Nicholas Johnson, a big Norwegian, was picked up in a drunken stupor on the railroad track near one of the switches at an early hour this morning by Officers Cadle and Rockwell. Johnson, when frisked at the station, gave up 65 cents and expressed some gratitude to the officers for saving him from what might have been a terrible fate. At the time Johnson was picked up cars were being switched within a short distance of the point where he was found. Johnson is a man of powerful build and has been working on the government work near Hazen and Derby.

Lien Suit Still Pending.

The lien suit of Beatty against Ziegler involving a bill for about \$200 for painting a house in Sparks, was submitted to the court yesterday and Judge Currier took the matter under advisement.

MANY ARTISANS ARE EMPLOYED

Year's Building and Improvement Record Will Easily Exceed Half Million Dollars

A conservative estimate of the number of mechanics put to work during the last two weeks upon the various buildings and other improvements in this city, places the number at three hundred.

The season's building record will aggregate a very large sum, indeed, the number of new buildings and municipal improvements contemplated gives assurance that fully a half million dollars will be spent during the summer.

Every mechanic put to work in this city, increases the volume of the business of this city, and the pay roll of the various building projects will prove a substantial source of revenue for the town.

The year's building record will be the largest for several years. More improvements of a substantial character are contemplated and in course of completion than has been known at any one time in the history of the city.

The Virginia street bridge will cost in round figures \$37,000, the Masonic Temple \$65,000, the new Riverside hotel \$125,000, the federal building \$40,000, the Clay Peters building \$16,000, to say nothing of the new \$30,000 brewery being put up by the Rainier people, the new gas plant and the laying of water and gas mains through the city streets, all of which will put money in circulation.

The paving of several of the downtown streets will cost approximately \$23,000, and there are other new buildings and improvements almost too numerous to record.

Gambler Returns With Report.

George Moulder, who has been in Reno for the past two months, left last night for Portland, Oregon. While here Mr. Moulder represented Grant & Dale, a prominent gambling firm of Portland. The object of his visit was to look over the field with a view of opening another large gambling house in Reno. He has gathered considerable data and returns to submit his report.

Looking at New District.

Mitchell is the latest mining camp to bid for public favor. Reports received from there tell of several promising strikes. The camp is located within a few miles of Wadsworth. F. P. Mauller, M. Bennett and C. D. James left for there yesterday morning with a view of examining the country.

READY TO AWARD THE CONTRACT NEXT WEEK

A contract for the erection of bath houses at the proposed new summer resort of Reno will be let by Messrs. Evans and Short and North next week. The plans call for an immense swimming tank as well as seven small bath houses.

Water is now pouring from the well at the rate of sixty-two gallons per minute. A depth of 624 feet has been reached and the water has a temperature of 122 degrees.

Deaths Recorded.

Death—V. M. Strong to H. H. Greer, lot in Ryland's addition to Reno. Consideration \$10.

Death—J. L. Moe to H. H. Greer, lot 5, block D, city of Reno. Consideration \$110.

Death—W. C. Norris to Fred Katz, lot 5, block 6, Marshall addition to Reno. Consideration \$500.

Death—Miss Eunice A. Tambert to W. V. Elkins, lot 6, block B, Ryland's addition. Consideration \$10.

Death—Martin Kennedy to Mary Kennedy, lots 7 and 8, block 5, New Town tract. Consideration \$10.

Death—Agnes Scheeline et al. to Mrs. Clemma Salt, lot 3, block 33 of Sparks. Consideration \$10.

Goldfield's Postmaster.

Mrs. Ella M. Collins, postmaster at Goldfield, arrived at Carson City last night en route to Lake Tahoe for a few days' vacation. She was accompanied by Mrs. James Sullivan, one of the popular clerks in that growing office. Mrs. Collins enjoys the distinction of being at the head of the largest fourth-class postoffice the United States has ever maintained, not excepting even Nome, Alaska. Mrs. Collins will visit Reno friends before her return to the southern country.

Plan a Trip to Tahoe.

The members of Amity lodge, Knights of Pythias, are planning a trip to Lake Tahoe. A special train will be run. The excursion will probably take place some time within the next two weeks, though the date has not been definitely decided upon.
